SUMMARY

Software Engineer with 5+ Years of Experience in Development and Automation. A results-driven engineer with expertise in building scalable and efficient software solutions. Proven ability to optimize systems, automate workflows, and improve application performance. Strong background in developing web applications, leading end-to-end projects, and driving continuous improvement in both development and deployment processes.

WORK EXPERIENCE

Senior Product Developer, Epicor

April 2025 - Present

- Working on backend development of a retail application using Django within the Retail platform, focusing on APIs and database integration.

Senior Software Engineer, Zeomega Infotech

Mar 2021 - April 2025

- Developed and deployed web applications using Flask/Django, integrating APIs and ensuring secure data handling.
- Streamlined deployment pipelines with GitLab CI/CD.
- Conducted performance testing on complex SQL queries, identifying bottlenecks and implementing best practices for achieving up to 25% reduction in query execution time.
- Contributed to maintenance and development on 5+ projects with minimum defect leakage.
- Automated data processing workflows using Python, saving 15+ hours per week of manual effort.

Software Engineer, CIOC FMCG

April 2019 - April 2020

- Developed and maintained eCommerce web applications using Angular for the frontend, ensuring a dynamic and responsive shopping experience.
- Integrated Django backend with Angular to handle product listings, user authentication, and secure payment systems, optimizing user experience.

EDUCATION

Bachelor of Engineering JSS Academy of Technology and Engineering Bengaluru (CSE)

High School Blooms Academy (Science & Mathematics)

ADDITIONAL INFORMATION

- Technical Skills:** Python, Django/Flask, SQL, Docker, Microservice, CI/CD, AWS, Angular 12
- Languages:** Hindi, English
- Certifications:** Python & Django
- Awards/Activities:** Received the "Excellence" Award for outstanding contributions to project innovation, Zeomega
